THIS IS UNEVALUATED INFORMATION

At about 1030 on 15 October 1954, no aircraft were parked at Staaken airfield. No personnel wearing black-bordered blue epaulets were seen. Repair work was being done on the hangars. It was believed that the hangars were also been used by the school of the DIA (Deutscher Innen- und Ausserhandel) (German Import and Export) which is being established at the field. The field was occupied by a detail of the Soviet border guard Unit Pavelyukov at Gross-Glienicke, who wore black-bordered red epaulets, a detail of SED civilian guards from Falkensee and a construction detail for the DIA school.

Comment. There was no change in the status of Staaken airfield. In 25X1 mid-September 1954, the establishment of a school of the DIA was reported for the first time by the same source. There was no change in the occupation by a detail of the Soviet border guard Unit Pavelyukov. 25X1
